IN ANY GAME

Pause menu L3 + R3

Press both sticks in together. Every game, every system.

Save and load states, take a screenshot, or **Exit to Home** to leave the game. B goes back to the game.

Wii Remote	Hold HOME
Remote Play	Hold Select
8BitDo Arcade Stick	Tap Home
The PC's power button	Power menu: Sleep, Restart, Power off

Buttons go by position

	Bottom	Right	Left	Top
Xbox, this guide	A	B	X	Y
PlayStation	✕	○	□	△
Nintendo	B	A	Y	X

Menus

A	Select
B	Back
L1 R1	Home, Library, Search, Settings
L2 R2	Jump a letter. In Collections, the next person
R1	On a game's page: its manual
Start	On Home: the Power menu
↑	From the top row: the top bar. A on your name switches person

When the screen has dimmed, the first press only wakes it.

Shortcuts

Turn on in Settings, Controllers

Tap Home	Pause menu
Home + R1	Save state
Home + L1	Load the newest state
Home + hold R2	Fast forward
Home + hold L2	Rewind
Home + X	Screenshot

Home does nothing? **Shortcuts use**, in the same list, picks another button. Switch, PS3, Xbox, Xbox 360, Wii U and Vita games: tap only. 3DS: no rewind.

On some systems

Arcade	Hold Start a second: the game's own settings
DS	Right stick moves a pointer, R3 touches
3DS	The same, and hold L3 to swap the screens
PS1	L1 + R1 + Select: the ANALOG button
PS Vita	Hold L3 for touch dots. Sticks move them, L2 R2 touch
Wii	Short press of HOME: the game's own HOME menu

On-screen keyboard

A	Type the key
X	Delete
Y	Shift, one letter
Start	Done
B	Cancel
